Health Commerce System & Communications

Valerie Shuba
Public Health Informatics Specialist

NYSDOH OFFICE OF SCIENCE & TECHNOLOGY | INFORMATICS

What is the HCS

*The Health Commerce System (HCS)
is a comprehensive web-based portal
that supports, integrates, and secures electronic
exchange of health data among system
members/healthcare providers.*

Objectives

- Where can I find DALs?
- What is the Communications Directory?
- What are my role assignment?
- How do I manage My Applications?
- Who do I contact if I need help?

Let Us Take a Tour

HOW DO YOU DO BUSINESS WITH HCS?

Structure of ComDir

Organization
Type

Organizations
i.e., facility, agency, service

Accounts
(Director, Coordinators & Users)

Types of Accounts

Director
(by default is
a coordinator)

HCS & Security
Coordinators
